

# BALL COACH™ vs. CLASSIC

## Pro-Level Speed Training Tool

The ability to evaluate skill level with instant and unbiased feedback requires a top tier performance training tool. The Ball Coach radar can be used through one-on-one coaching or self-guided drills, and hands-free operation keeps it simple. By making crucial results - hitting power and throwing speeds - instantly visible, the Ball Coach is the easy way to get better faster.

## All Purpose Speed Radar Gun

Can be used for measurement in athletic training, traffic safety, radio controlled hobbies, motorsports and much more. You decide what to measure and when, using one of two modes - snapshot or repeating - to accurately monitor the speed of runners, balls, vehicles, radio controlled planes/cars and any other moving object from 7-375 MPH (11-600 KPH)

### POWERFUL NEW FEATURES:

- »» Constant-On Mode for Hands-Free Use
- »» New Easy Trigger
- »» Ball Speed Off the Bat
- »» 25 Deep Recall Memory

### See Immediate Results of Coaching and Training

- »» Get better faster with instant feedback that shows you what is working and what isn't.
- »» Constant-On Mode lets you focus on the coaching and training instead of manually operating the radar gun.
- »» Increase hitting power to turn singles into extra-base hits, and dial-in pitch speeds to keep hitters off balance.
- »» Visible progress builds trust and confidence in training programs, which leads to higher motivation.

### CLASSIC INNOVATIVE DESIGN:

- »» Pocket-Sized Portable Radar Gun
- »» Manual One-Button Interface
- »» Runner Speed and Acceleration
- »» 10,000 Readings on 2 AAA Batteries

### Accurate Speed Measurement in the Palm of Your Hand

- »» Accurate speed measurement in a convenient size for use in sports, hobbies, traffic safety and more.
- »» Improve running, throwing, hitting, serving and shooting skills by incorporating instant feedback.
- »» Affordable sports training tool used by coaches and athletes from pro to amateur.
- »» Manual one-button operation lets you decide what to measure and when.
